

SEE LEARNING

in a **whole new light**

INTRODUCING LIGHTBOX™

the ultimate interactive, multimedia springboard for PreK-12 learning.

From the moment a student opens Lightbox, learning happens like never before. Eyes widen. Fingers excitedly tap, pinch and scroll through video, text, links and quizzes. Minds expand. New connections are made. And understanding begins, even for the most disengaged students.

Lightbox is a multimedia educational space that encourages users to see learning in a whole new light.

Textbooks, eBooks and other resources are supplemented with core content from renowned video providers, Google Maps, your library collections in Destiny®, and Vocabulary.com, along with customized support materials in a single learning resource. All in one easy-to-use interface that's available on any device.

“My students were very excited and motivated to use Lightbox. They were engaged and enjoyed sharing their discoveries with one another.”

SUSAN FLUGAR
4th Grade Teacher, Cotton Creek School

“That whole cycle of learning and testing and instructing is all together, it's all in one place and I think that's what's fabulous.”

DARLENE BAKER
Principal, Cotton Creek School

“They really have grasped the concept of glaciers so I'm very, very happy with the program.”

CARRIE SWANSON
4th Grade Teacher, Cotton Creek School
